ABOUT US

Energizer® products are recognised as one of the most trusted and highly desirable consumer brands.

Our lighting range has been designed with the consumer in mind, created with attractive, colourful and informative shelf ready retail packaging. Manufactured to the highest standards, compliant with the latest lamp industry regulations.

The **LED** range includes high performance, economical and sustainable technologies. The collection comprises all of the most popular shapes and offers dimmable and non-dimmable solutions.

The **Halogen** range are retro fit energy efficient lamps, available in a wide selection of wattages, caps and shapes to suit everyday applications.

The **Energizer**® fittings range ticks all boxes with a globally recognised brand to offer peace of mind, the assurance of quality and aggressive pricing to lead the branded market.

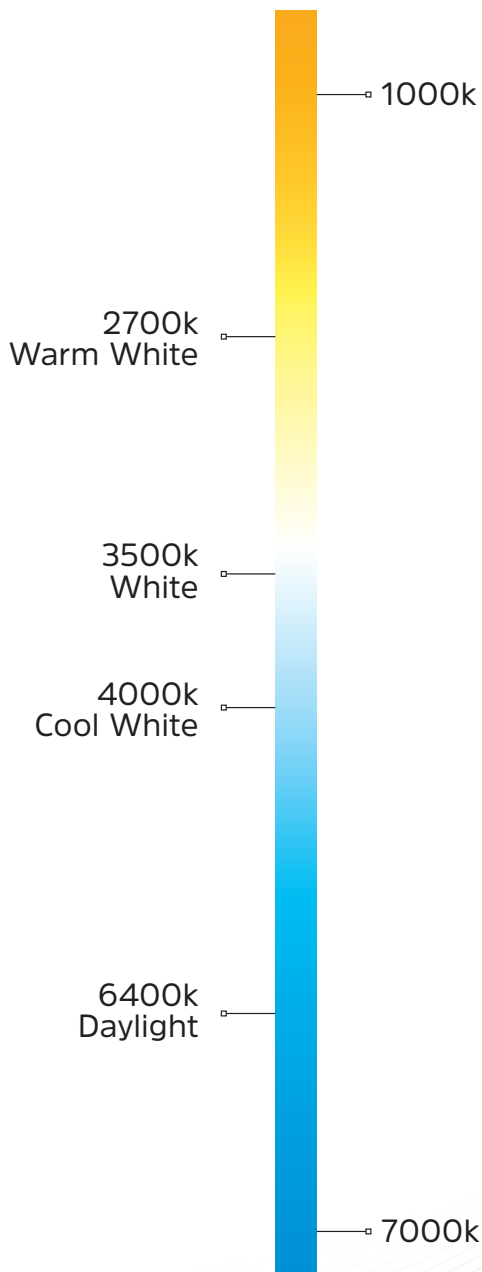

The premium packaging clearly communicates the technology and product benefits to the consumer.

Eveready® lighting range offers powerful performance and product variety comprising wattages options, cap variations and dimmable solutions at a cost-effective price.

The **Eveready®** range offers a broad lighting selection for the consumers, of **Candle**, **GLS**, **Golf**, **Reflector**, **G4**, **G9** and **Linear**.

LIGHTS

Why is it important to select the appropriate lighting solution?

► To improve comfort and ensure safety

- High quality LEDs without dark spots & areas for visual comfort
- ATEX certified lights for hazardous work environments
- Impact resistance and water resistance

► To facilitate interventions

- Choose an adapted light solution based on your needs for light intensity, beam distance, and run time
- Handheld and hands-free solutions

Circulate and move about safely

Long distance lighting

Close-up work

Light a wide work area

Optimize your light efficiency by choosing the right battery

ALKALINE: For everyday usage

LITHIUM: Recommended for outdoor (Performs in extreme temperatures from -40°C to 60°C) and for most powerful torches over 300 lumens

RECHARGEABLE: Recommended for frequent usage (daily or weekly basis)
