**INTRODUCTION**

**POWERING  
EVERY GOAL**

SCI-MX was launched in 2007 to help nurture, support and inspire the sportsperson in all of us. From exercise recovery to competition training, there's a SCI-MX product to help you achieve your goal.

A woman is shown in profile, drinking from a water bottle with a hydration bladder. She is wearing a fitness tracker on her left wrist and earbuds. The background is a bright, outdoor setting. The image is framed by a large, dark blue, angular shape that points towards the top right corner. The text is centered within this shape.

## SPORTS NUTRITION

No matter what your sport,  
our no-nonsense approach to sports  
nutrition supplements guarantee you'll  
always receive premium quality products,  
so you can perform at your peak.

## WHY CHOOSE SCI-MX?

### ONE MISSION

Our mission is simple - to help improve your fitness and physique to help you become the best you can be. From dedicated athletes and regular gym users, to everyday active individuals, we support all goals and lifestyles through our range of nutrition products.

### RESULTS DRIVEN

We're not about buzzwords or wild claims. And we're not interested in confusing our customers with ridiculously named basic ingredients. We just focus on creating high quality nutrition products that your needs demand to help you achieve the results you want.

## PREMIUM QUALITY

Formulated with quality ingredients by experienced nutritionists, we deliver a range of products that caters for every aspect of physique development and conditioning, through to maintenance of a healthy lifestyle for your dietary needs.

## PROTEIN POWDERS

When it comes to muscle growth and maintenance, it's vital to provide your body with a rich source of protein post-workout. Our whey or plant-based protein powders are a great choice to support your goals.
